

Modular Suspensions 1999 to present day

From 1999 onwards, the mono Rycote suspensions became Modular, and by default Metric. The length of microphone determined the length of the bars & brackets:

1st Generation Modular - Silicone Bands (Orange)

Aluminum round modular hoops with a square slot cut out of them,

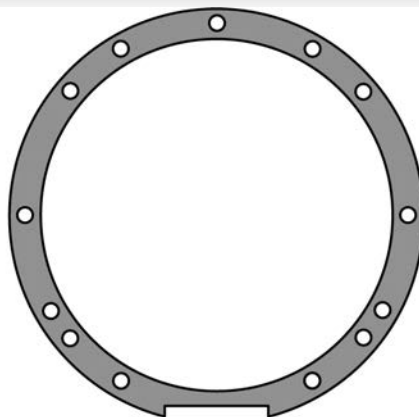

The modular hoop secured onto the Modular bar with 1 x M3 screw

O-rings held in place with 4 removable thumb rivets

Three length of aluminium Modular bars (80 mm, 160 mm or 240 mm)

Aluminium Modular bracket can mount onto all three sizes of bar, with centres of 40 or 80 mm

Star knobs used to hold bracket & bar together, M5 x 20 mm

1st Generation Modular (1999-2001)

Modular Hoop - Slotted (with thumb rivets)
4-point clips, suspended by 4 x orange silicone bands

2nd Generation Modular - Silicone Bands (Orange)

Aluminium round hoops with small round lumps on locate into "V" channels on the top of the bar.

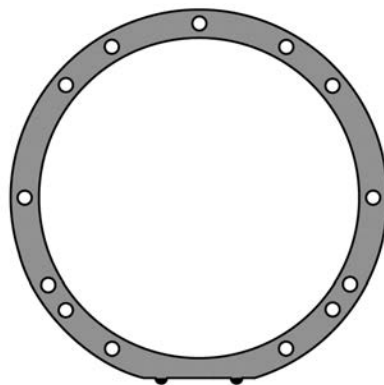

The hoop secured onto the Modular bar with 1 x M3 screw

O-rings held in place with 4 removable thumb rivets

Three length of aluminium Modular bars (80 mm, 160 mm or 240 mm)

Aluminium Modular bracket can mount onto all three sizes of bar, with centres of 40 or 80 mm

Star knobs used to hold bracket & bar together, M5 x 20 mm

2nd & 3rd Generation Modular (2001-07)

Modular Hoop - Groovy (with thumb rivets)

4-pont clips, suspended by 4 x orange/black silicone bands

3rd Generation Modular - Silicone Bands (Black)

Aluminium round hoops with small round lumps on locate into "V" channels on the top of the bar.

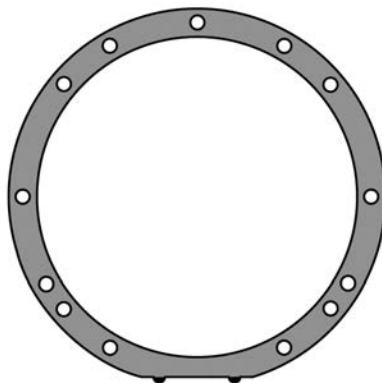

The hoop secured onto the Modular bar with 1 x M3 screw

O-rings held in place with 4 removable thumb rivets

Three length of aluminum Modular bars (80 mm, 160 mm or 240 mm)

Aluminum Modular bracket can mount onto all three sizes of bar, with centres of 40 or 80 mm

Star knobs used to hold bracket & bar together, M5 x 20 mm

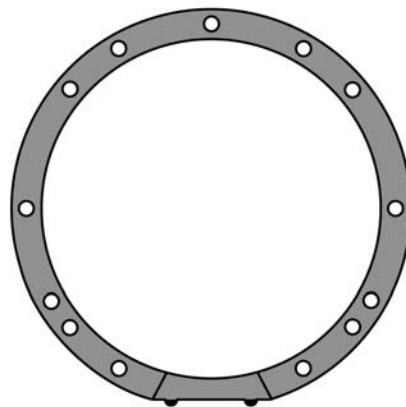

2nd & 3rd Generation Modular (2001-07)

Modular Hoop - Groovy (with thumb rivets)

4-point clips, suspended by 4 x orange/black silicone bands

4th Generation Modular - Silicone Bands (Black)

Plastic round hoops with small round lumps on locate into "V" channels on the top of the bar
The hoop secured onto the Modular bar with 1 x M3 screw
O-rings held in place with 4 removable thumb rivets
Three length of aluminium Modular bars (80 mm, 160 mm or 240 mm)
Aluminium Modular bracket can mount onto all three sizes of bar, with centres of 40 or 80 mm
Star knobs used to hold bracket & bar together, M5 x 20 mm

4th Generation Modular (from 2007-08)

Modular Hoop (Plastic) - Groovy (with thumb rivets)
4-pont clips, suspended by 4 x black silicone bands

5th Generation Modular (2008)

Universal Lyres with small round lumps on locate into "V" channels on the top of the bar
The hoop secured onto the Modular bar with 1 x M3 screw

Three length of aluminium Modular bars (80 mm, 160 mm or 240 mm)

Aluminium Modular bracket can mount onto all three sizes of bar, with centres of 40 or 80 mm
Star knobs used to hold bracket & bar together, M5 x 20 mm

5th Generation Modular (from 2008-10)

Universal Lyre - Modular Bar Foot

6th Generation Modular (2010 onwards)

Universal Lyres fit into rectangle pockets on the top of the bar, secured onto the Modular bar with 1 x M3 screw

6th Generation Modular (from 2010-14)
Lyre Attached by a M3 Screw to the mod bar

Modular Lyre Upgrades

The patented Lyre is extremely robust, and virtually unbreakable, as they do not use any elastic or rubber components, which are prone to wear and tear. These completely backward compatible Lyres have replaced the original silicone O-rings suspension, and can be bought separately to upgrade older suspensions.

Code	Product Name
042255	2x Single Lyre 62 (19/25) (with modular adaptor & screws)
042210	2x Single Lyre 72 (19/25) (with modular adaptor & screws)
042216	2x Lyre 82 (19/25) (with modular adaptor & screws)
040137	2x Duo-Lyre 68 (19/34) (with adaptor & screws)
040121	2x Duo-Lyre 72 (19/34) (with adaptor & screws)
042218	2x Single Lyre 72 (30) (with modular adaptor & screws)
042232	2x Single Lyre 82 (30) (with modular adaptor & screws)
042269	2x Single Lyre 62 (8) (With adaptor & screws)
042229	2x Single Lyre 62 (9.5) (with adaptor & screws)
